

Accreditation

The Deutsche Akkreditierungsstelle attests with this **Accreditation Certificate** that the certification body

Materialprüfanstalt für das Bauwesen (MPA BS) **Beethovenstraße 52, 38106 Braunschweig**

meets the requirements according to DIN EN ISO/IEC 17065:2013 for the conformity assessment activities listed in the annex to this certificate. This includes additional existing legal and normative requirements for the certification body, including those in relevant sectoral schemes, provided they are explicitly confirmed in the annex to this certificate.

The management system requirements of DIN EN ISO/IEC 17065 are written in the language relevant to the operations of certification bodies and they conform to the principles of DIN EN ISO 9001.

This accreditation was issued in accordance with Art. 5 Para. 1 Sentence 2 of Regulation (EC) 765/2008, after an accreditation procedure was carried out in compliance with the minimum requirements of DIN EN ISO/IEC 17011 and on the basis of a review and decision of the appointed accreditation committees.

This accreditation certificate only applies in connection with the notices of 16.08.2024 with accreditation number D-ZE-11267-01.

It consists of this cover sheet, the reverse side of the cover sheet and the following annex with a total of 27 pages.

Registration number of the accreditation certificate: **D-ZE-11267-01-00**

Berlin, 16.08.2024

Dipl.-Ing. Evelyn Körner
Head of Technical Unit

Translation issued:
16.08.2024

Dipl.-Ing. Evelyn Körner
Head of Technical Unit

The certificate together with the annex reflects the status as indicated by the date of issue. The current status of any given scope of accreditation can be found in the directory of accredited bodies maintained by Deutsche Akkreditierungsstelle GmbH (www.dakks.de).

This document is a translation. The definitive version is the original German accreditation certificate.

The Deutsche Akkreditierungsstelle GmbH (DAkkS) is the entrusted national accreditation body of the Federal Republic of Germany according to § 8 section 1 AkkStelleG in conjunction with § 1 section 1 AkkStelleGBV. DAkkS is designated as the national accreditation authority by Germany according to Art. 4 Para. 4 of Regulation (EC) 765/2008 and clause 4.7 of DIN EN ISO/IEC 17000.

Pursuant to Art. 11 section 2 of Regulation (EC) 765/2008, the accreditation certificate shall be recognised as equivalent by the national authorities within the scope of this Regulation as well as by the WTO member states that have committed themselves in bilateral or multilateral mutual agreements to recognise the certificates of accreditation bodies that are members of ILAC or IAF as equivalent.

DAkkS is a signatory to the multilateral agreements for mutual recognition of the European co-operation for Accreditation (EA), International Accreditation Forum (IAF) and International Laboratory Accreditation Co-operation (ILAC).

The up-to-date state of membership can be retrieved from the following websites:

EA: www.european-accreditation.org
ILAC: www.ilac.org
IAF: www.iaf.nu

Deutsche Akkreditierungsstelle

Annex to the Accreditation Certificate D-ZE-11267-01-00 according to DIN EN ISO/IEC 17065:2013

Valid from: 16.08.2024

Date of issue: 16.08.2024

Holder of accreditation certificate:

Materialprüfanstalt für das Bauwesen (MPA BS)
Beethovenstraße 52, 38106 Braunschweig

with the location

Materialprüfanstalt für das Bauwesen (MPA BS)
Beethovenstraße 52, 38106 Braunschweig

The certification body meets the requirements of DIN EN ISO/IEC 17065:2013 to carry out the conformity assessment activities listed in this annex. The certification body meets additional legal and normative requirements, if applicable, including those in relevant sectoral schemes, provided that these are explicitly confirmed below.

The management system requirements of DIN EN ISO/IEC 17065 are written in the language relevant to the operations of certification bodies and they conform to the principles of DIN EN ISO 9001.

Construction products for fire prevention (reaction to fire, resistance to fire, external fire performance), products for fire resistance and smoke control (smoke and heat exhaust ventilators, smoke control dampers and fire dampers plus coatings, penetration seals and joint seals, formation of fire section, cable and lines); construction products for the shell construction (gypsum products, timber, structural steel, products for masonry, post tensioning kits, aggregates and fillers for concrete and mortar, thermal insulation products, precast concrete elements for load-bearing applications, fibres for cement and mortar, kits for watertight floor- and wall coverings for wet rooms); construction products for the extension including additional requirements on the safety of use and usage (wall cladding and ceiling coverings, sealing sheets, doors, windows, gates); construction products for the strengthening and redevelopment of structures (surface protection systems for concrete elements and concrete substitute systems)

This certificate annex is only valid together with the written accreditation certificate and reflects the status as indicated by the date of issue. The current status of any given scope of accreditation can be found in the directory of accredited bodies maintained by Deutsche Akkreditierungsstelle GmbH at <https://www.dakks.de>.

Annex to the Accreditation Certificate D-ZE-11267-01-00

1 Certification of building products according to voluntary certification procedures

1.1 Construction products for fire protection

1.1.1 Certification scheme MPA-BS 003, Products for fire resistance and smoke control

for the following products based on:

DIN EN 12101-1 2006-06 + EN 12101-1 2005 +A1:2006	Smoke and heat control systems - Part 1: Specification for smoke barriers
DIN EN 12101-2 2017-08 + EN 12101-2 2017	Smoke and heat control systems - Part 2: Specification for natural smoke and heat exhaust ventilators
DIN EN 12101-3 2015-12 + EN 12101-3 2015	Smoke and heat control systems - Part 3: Specification for powered smoke and heat exhaust ventilators
DIN EN 12101-6 2005-09 + EN 12101-6 2005	Smoke and heat control systems - Part 6: Specification for pressure differential systems, Kits
DIN EN 12101-7 2011-08 + EN 12101-7 2011	Smoke and heat control systems - Part 7: Smoke duct sections
DIN EN 12101-8 2011-08 + EN 12101-8 2011	Smoke and heat control systems - Part 8: Smoke control dampers
DIN EN 15650 2017-05 + EN 15650 2017	Ventilation for buildings - Fire dampers

Valid from: 16.08.2024

Date of issue: 16.08.2024

DIN EN 14967 2006-08 + EN 14967 2006	Flexible sheets for waterproofing - Bitumen damp proof courses - Definitions and characteristics

Valid from: 16.08.2024

Date of issue: 16.08.2024

Annex to the Accreditation Certificate D-ZE-11267-01-00

EAD 030378-00-0605

Fully bonded, pre-applied flexible sheet for waterproofing

1.3.3 Certification scheme MPA-BS 025, Doors, windows and gates, curtain walling

for the following products based on:

DIN EN 13241-1 2016-12 + EN 13241-1 2003+A2:2016	Industrial, commercial and garage doors and gates - Product standard - Part 1: Products without fire resistance or smoke control characteristics
DIN EN 14351-1 2016-12 + EN 14351-1 2006+A2:2016	Windows and doors - Product standard, performance characteristics - Part 1: Windows and external pedestrian doorsets without resistance to fire and/or smoke leakage characteristics
DIN EN 14351-2 - Draft 2014-06 + prEN 14351-2 2014	Windows and doors - Product standard, performance characteristics - Part 2: Internal pedestrian doorsets without resistance to fire and/or smoke leakage characteristics
DIN EN 16034 2014-12 + EN 16034 2014	Pedestrian doorsets, industrial, commercial, garage doors and openable windows - Product standard, performance characteristics - Fire resistance and/or smoke control characteristics
DIN EN 16361 2016-02 + EN 16361 2013+A1:2016	Power operated pedestrian doors - Product standard, performance characteristics - Pedestrian doorsets, other than swing type, initially designed for installation with power operation
EN 13830 2003	Curtain walling - Product standard
EAD 020029-00-1102	Internal pedestrian fire resisting and/or smoke control single or double leaf doorsets made of steel
EAD 350022-01-1107	Kit for closure system for conveyor systems

Valid from: 16.08.2024

Date of issue: 16.08.2024

1.4 Construction products for the strengthening and redevelopment of structures

Certification scheme MPA-BS 030, Surface protection systems for concrete and concrete substitute systems

for the following products based on:

DIN EN 1504-2 2005-01 + EN 1504-2 2004	Products and systems for the protection and repair of concrete structures - Definitions, requirements, quality control and evaluation of conformity - Part 2: Surface protection systems for concrete
DIN EN 1504-3 2006-03 + EN 1504-3 2005	Products and systems for the protection and repair of concrete structures - Definitions, requirements, quality control and evaluation of conformity - Part 3: Structural and non-structural repair
DIN EN 1504-4 2005-02 + EN 1504-4 2004	Products and systems for the protection and repair of concrete structures - Definitions, requirements, quality control and evaluation of conformity - Part 4: Structural bonding
DIN EN 1504-5 2013-06 + EN 1504-5 2013	Products and systems for the protection and repair of concrete structures - Definitions, requirements, quality control and evaluation of conformity - Part 5: Concrete injection
DIN EN 1504-6 2006-11 + EN 1504-6 2006	Products and systems for the protection and repair of concrete structures - Definitions, requirements, quality control and evaluation of conformity - Part 6: Anchoring of reinforcing steel bar
DIN EN 1504-7 2006-11 + EN 1504-7 2006	Products and systems for the protection and repair of concrete structures - Definitions, requirements, quality control and evaluation of conformity - Part 7: Reinforcement corrosion protection

Valid from: 16.08.2024

Date of issue: 16.08.2024

¹⁾ System for the assessment and verification of constancy of performance

²⁾ Harmonization in preparation, provided system as shown

The requirements for a certification body for products and for a certification body for factory production control according to Annex V of the Construction Products Regulation are fulfilled according to article 43 of the Construction Products Regulation. Required tasks which the holder of the certificate cannot perform are described in the list of subcontractors.

Without prior approval by the DAkks German Accreditation Body, the certification body is permitted to use new revisions of harmonised technical specifications in certification schemes.

Without prior approval by the DAkks German Accreditation Body, the certification body is permitted to use certification schemes of the following product groups to new products within the product family.

*Masonry and related products
Building bricks category I in walls, columns and partitions
System 2+*

*Aggregates for uses with high safety requirements
Aggregates
System 2+*

*Precast normal, lightweight and autoclaved aerated concrete products for load-bearing applications
Group A and Group B
System 2+*
